

White Birch Lakes

Visit and enjoy the natural woodland setting.

There are over 1800 acres of mature pine, birch, oak, and maple trees. Many types of wildlife call White Birch home including deer, songbirds, chipmunks, etc.

Other features include an indoor swimming pool, 4 lakes stocked for fishing with walleye, bass, and bluegill, a clubhouse and pavilion for large family gatherings, nature trails, and high-speed internet access in the clubhouse.

There are over 300 homes established and many campsites throughout.

White Birch Lakes

Located five miles north of Farwell on Old State road is a planned community waiting to welcome you. There is affordable housing and a low crime rate, which with the easy access from Highway U.S. 10 and central to the state of Michigan makes this a wonderful place to “weekend”.

Some activities include St. Patrick’s Day dinner, Mother and Father’s Day breakfasts, the annual yard sales on Memorial weekend, a parade to commemorate our troops with decorated ATV’s, bicycles, and golf carts, and an End-of-Summer picnic, Halloween party, Christmas party, and Easter egg-hunt.
